

Glenville Hill Fire Dept.
1086 Church Rd.
Scotia, NY 12302

Dear Firefighters,

I have been learning about firefighters in my third grade reading club. I think it amazing that all fire fighters must learn to drive the fire trucks. Another fact that I learned is that firefighters work together at a fire. I am so impressed that fire fighters must wear protective gear and carry heavy equipment. I have some questions. What inspired you to become a firefighter? How do you know when there is a fire and where? I think you are really brave to be a firefighter. Thank you so much for being a firefighter. (Please write back!)

Sincerely,

Mikayla

Dear Mikayla,

Thank you for your letter and support. I have been a member with Glenville Hill for 4 years. I became a firefighter because I like to help people in their time of need. I also come from a family of firefighters. Did you know that some firefighters, like myself, also are trained to help you if you ~~are~~ hurt yourself or get really sick? When there is a fire or someone needs help they call 911 and a person at a dispatch center receives the call, and then they send a message of what's going on ~~across~~ and the address to our pagers and cellphones. Once we are given that information, ~~there are~~ we go to our fire station and get our gear and the fire truck to go to the call. What book are you reading? Is it ~~so~~ interesting? I hope I answered all of your questions, if you have anymore let me know! Stay Safe!!

Sincerely,
Jessica Young
